SUNCAMPER MOTORHOMES

Suncamper has made recreational vehicles for nearly half a century and our goal has never changed: Create quality that provides freedom and the ultimate lifestyle...

Australian owned and operated, we pride ourselves on motorhomes specifically built to conquer Australia's harsh conditions. From concept to creation, every Suncamper is the result of decades of experience from some of the Industry's most highly regarded innovators.

Built using proven techniques backed by industry and engineering certification, every Suncamper is manufactured to the highest standards. The result is excellent value, long service life, and high regard at resale time. It's what makes a Suncamper a Suncamper...

THE BUILD

Your Suncamper is built from the highest quality materials to ensure our products are finished immaculately. With a solid steel frame serving as your base, your Suncamper Motorhome is robust & ready for your Australian adventures.

Keeping you secure is Suncamper's strong 4S composite constructed fibreglass walls. Sandwiching fire retardant insulation, these walls are cut down to the mm on our state of the art CNC machine. Sculpted & assembled through 30+ years of R&D our shells are designed to keep water & dust out no matter the environment.

Light-weight plywood joins together with precision for expertly crafted cabinetry, that is kitted out with state of the art appliances, installed by experienced tradesmen in their craft.

We pride ourselves on our build quality, ensuring your Suncamper is set for all your adventures for many years to come.
