

MID-SIZED MOTORHOME RANGE

SAXBY

Think Room. Think Features. Think Saxby...

The Saxby is the go-to motorhome when you're looking to move up. Keep your car licence but enjoy more space, comfort and versatility – like the option of four-wheel drive – plus room to dine with friends or for when the grandkids want a special sleepover.

Thinking mid-size? Think Saxby...

SUNCAMPER MOTORHOMES

Suncamper has made recreational vehicles for nearly half a century and our goal has never changed: Create quality that provides freedom and the ultimate lifestyle...

Australian owned and operated, we pride ourselves on motorhomes specifically built to conquer Australia's harsh conditions. From concept to creation, every Suncamper is the result of decades of experience from some of the Industry's most highly regarded innovators.

Built using proven techniques backed by industry and engineering certification, every Suncamper is manufactured to the highest standards. The result is excellent value, long service life, and high regard at resale time. It's what makes a Suncamper a Suncamper...

SAXBY V-SERIES

Saxby V-Series redefines mid-size luxury motorhomes. Less than seven metres long, it is open-plan living at its best and comes with a choice of chassis – Iveco Daily, Fiat Ducato or Mercedes-Benz Sprinter – plus the option of four-wheel drive.

Thinking drinks or dinner for four, with wrap-around views? Think Saxby. Thinking secure storage for two bikes? Think Saxby. Thinking electric roof bed that stores out of the way; room for the grandkids to sleep over and an ensuite with separate shower? Think Saxby. In fact, whatever you're thinking about in a mid-size motorhome for pleasure or even business, think Saxby.

THE MOTORHOME RANGE

Nearly all our motorhomes and campervans are car-licensed, meaning no special drivers licence is required. Models evolve over time to ensure optimum design and functionality. Storage space is maximized and Suncamper are constantly sourcing the latest technologies to improve the travelling experience.

THE BUILD

Your Suncamper is built from the highest quality materials to ensure our products are finished immaculately. With a solar steel frame serving as your base, your Suncamper Motorhome is robust & ready for your Australian adventures. Keeping you secure is Suncamper's strong 4S composite constructed fibreglass walls. Sandwiching fire retardant insulation, these walls are cut down to the mm on our state of the art CNC machine. Sculpted & assembled through 30+ years of R&D our shells are designed to keep water & dust out no matter the environment. With various anchor points throughout, your cabinetry is strong enough to be self supporting, but partners comprehensively with our 4S walls.

We pride ourselves on our build quality, ensuring your Suncamper is set for all your adventures for many years to come.
